Waysmeet Community House is an open and inclusive living environment where students work together to create an open, welcoming, and inclusive community. The house has private student rooms with shared bathrooms, living room, dining room, and kitchen. Along with shared household tasks, residents are encouraged to be involved in some Waysmeet events, service projects, programs, or other activities.

Waysmeet seeks to be an intentional community where residents work together to support each other, grow together, and find creative, compassionate ways to deal with conflicts and differences. We are an open and inclusive community welcoming all people, and valuing sustainability, social justice, equity, peace and earth justice.

What would you like to receive from this community and your housemates?
